
PROPOSER SELECTION DETERMINATION
SELECTION OFFICIAL
8 DECEMBER 2009

As the Selection Official for the procurement of the design-build contractor for the I-15 CORE Project, I have received the recommendation provided to me by the Selection Recommendation Committee.

I attended the Evaluation Team presentations to the Selection Recommendation Committee and received and reviewed a final recommendation report provided by the Committee to me on December 7, 2009. In review of their recommendation, I assessed their scores, associated reports, and supporting information, asked questions of the Selection Recommendation Committee and discussed with them their final recommendation.

As a result, I concur with the recommendation provided to me by the Selection Recommendation Committee and award the I-15 CORE Project to Prava River Constructors

Carlos Braceras, Selection Official
UDOT Deputy Director
